

6 October 2016

Dear Parents

As you are aware the school currently takes children from three to nine years and at the end of year four the children leave to join the middle school.

We are interested in finding out if you would consider your child remaining at Henry Prince for the final two years of their primary education. This would be of great benefit for your child as they will further develop their whole learning experience in a familiar nurturing environment, before progressing directly to one of the local secondary schools.

Please complete the slip below and add any comments as you wish to enable the governing body to make an informed decision regarding the schools future.

Yours truly

Mrs J Naylor
Head Teacher

I/we would be interested in my/our child remaining at The Henry Prince First School until the end of year six;
